**THANK YOU** for your support of the 24th annual Dance Marathon at the University of Florida! All of the funds raised by your efforts directly benefit UF Health Shands Children's Hospital, our local Children's Miracle Network Hospital. We invite you to learn more about Dance Marathon at UF and our efforts while we stand for those who can't. Make sure to check out our website at [floridaddm.org](http://floridaddm.org).

**Thank you for joining us as we strive to  
Redefine Tomorrow For The Kids!**

# WHAT IS DANCE MARATHON?

Dance Marathon at UF is a yearlong effort involving community, hospitality, and marketing events at local businesses that culminate in our event each spring where students remain on their feet for 26.2 hours for those who can't. Dance Marathon at UF is one of the five founding Dance Marathon programs in the nation, and since our start, we have raised more than \$15 million for the patients at UF Health Shands Children's Hospital, our local CMN Hospital. Dance Marathon at UF involves 19 Overall Directors, 489 Captains, 198 Emerging Leaders, 150 partners, 6,861 fundraisers, and over 44,000 total donations. Everything we do is For The Kids!

The money we raise goes directly back to UF Health Shands Children's Hospital. UF Health Shands Children's Hospital is the state's premier pediatric health center providing innovative and comprehensive care at the highest standards of quality and service in partnership with patient families, healthcare teams, and communities. Donations help provide many of the services, programs, and amenities that make UF Health Shands Children's Hospital a leader in pediatric care. Ranked one of the top 50 pediatric hospitals in the nation in six categories, UF Health Shands Children's Hospital and Children's Miracle Network have created one of the greatest facilities of care for children and young adults.

# WHERE DOES OUR MONEY GO?

Total **\$2,724,324.19**

All the funds raised from Dance Marathon at UF go directly back to UF Health Shands Children's Hospital. The above breakdown illustrates how the 2017 total was distributed.

# A NOTE FROM DANCE MARATHON AT UF

Dear Dance Marathon Miracle Makers,

Twenty four years ago, a group of students from the University of Florida set out with a mission. Since then, we have vowed as a campus to fight pediatric illness and support the kids treated at UF Health Shands Children's Hospital. Over the course of these past 24 years, our organization has made remarkable progress. Progress that can be seen throughout the newly renovated Neonatal Intensive Care Unit, breakthroughs in research, successes of child life specialists, and state-of-the-art equipment scattered throughout the hospital.

Thanks to funding from Children's Miracle Network, \$1,000,000 has been allocated to renovate the Infusion Clinic at UF Health Shands Children's Hospital. The funds will allow the creation of infusion spaces for providing chemotherapy or immunology infusions in addition to other spaces and equipment that will make patient care more comfortable and efficient. This year, we learned to take advantage of today, but we also strived to redefine tomorrow. Together, we are able to shape the futures of children that will walk through the halls of UF Health Shands Children's Hospital. Dance Marathon 2018 has been marked by redefining. We redefined possibilities by executing one of the most successful fundraising pushes in history, Transform Today, which raised an astounding \$540,424.93 in 26.2 hours. Our high school mini marathons redefined possibilities. We experienced the first high school program in the state of Florida, and fourth in the nation, to raise over \$100,000 For The Kids, as well as the highest fundraising first year program for UF Health Shands.

We have made remarkable progress, but there is still so much to be done. Until

childhood illness is eradicated, we will continue to fight. We will continue to build upon the mark that others have left on this organization. We will continue our strides towards bigger miracles and brighter tomorrows. We will continue to dance. We will continue to provide friendship, love, and hope to the children treated within the walls of our hospital.

To the 825 students dancing during these 26.2 hours: thank you. Know that you are making a tangible impact. You are making a change. You are providing glimpses of hope to families that will stay with them far beyond the time that they will walk out of the O'Dome. You are providing love, friendship, hope, and healing to our hospital's most vulnerable patients. You are helping to redefine their futures—their tomorrows. Not only do our efforts make an impact today, but it will make an impact for years to come. To the thousands of students across the state of Florida actively fundraising for the most valiant cause—thank you. Your continued support transforms the mentality of all those involved.

Dance Marathon holds a meaning beyond time, energy, and effort. This event will represent the overwhelming feeling of celebration that every person invested in our cause experiences. Today, we celebrate and honor the children that fight illness with a resilient spirit – a spirit that inspires us every single day. Making true miracles happen is much more than raising a total at the end of the event. It is a feeling that is inside every life that Dance Marathon at the University of Florida has touched.

For All The Right Reasons,  
Joel Rivera  
Executive Director, Dance Marathon at UF  
2018

- Linedance Performance every hour, on the hour
- Miracle Family Speech immediately following every Linedance
- Top Fundraiser Awards announced by hourly Miracle Family

# FAMILY

Dance Marathon at the University of Florida is very fortunate to have over 90 Miracle Families. Our Miracle Families are true inspirations and the pinnacle of what Dance Marathon stands for.

"Dance Marathon is a celebration of Oliver and Jude, and all of the miracle children, who wouldn't have the lives they have without UF Health Shands. We are so blessed to be a part of the DM Family and are grateful for the friendships we have formed with the Captains, paired organizations, dancers, and other miracle families."

**The Sleeper Family**

"Dance Marathon has endless passion and compassion for others. It gives us hope for Elie's future, and the future of all kids, knowing how much support is given to us. If you only knew how much joy you have brought to our family and how much you have helped Elie to grow personally. We love every single one of you!"

**The Chapman Family**

Izabella and her twin sister, Jesubelle, were born 3 months premature at Memorial West Hospital in South Florida. At 3 weeks old Izabella had a pulmonary hemorrhage (she bled out from her lungs) which nearly took her life. She was transferred to Joe DiMaggio where she was stabilized and at almost five months old she was diagnosed with an extremely rare disease, so rare that it doesn't have a name yet.

Basically her lungs didn't work and her only cure or chance at life would be a lung transplant. Two years ago in May we were transferred to Shands Hospital to receive that lung transplant. She was placed on the waiting list and we waited nine months for the call. Doctors never thought she would make it. Her transplant was performed on January 27, 2013 and she was discharged for the first time in her life on March 20th. She has been in and out of the hospital many times since, but continues to amaze doctors with her will to fight for life. CMN has been a great part of our lives in and out of the hospital. Many of the machines used on a daily basis to save Izabella's life while she was on life support were donated by CMN or by their DM event held each year. DM and CMN have given our kids the opportunity to be "normal" kids outside of the hospital. From the homecoming parade event to high school mini marathon events to Dance Marathon and many other events held by DM and CMN, my kids have enjoyed being surrounded by the young individuals dedicating their lives to helping children like mine. (Izabella currently serves as the Children's Miracle Network Hospitals Local Champion for UF Health Shands Children's Hospital). **-Krystina, Izabella's mom**

# EMERGING LEADERS

## WHY DO YOU DM?

"Dance Marathon was the perfect way to meet so many awesome people and I'm so glad I decided to apply! It's definitely the most rewarding thing I'm a part of!"

**Bryson Keel**

"My favorite thing about DM is that it encompasses so many students from different backgrounds and ways of life, but united them through their heart for service and compassion towards our miracle children!" **Ashlyn Yarbrough**

## HOW HAS DM AT UF CHANGED YOUR PERSPECTIVE?

"I joined DM thinking that I would help children and it would be a super fun learning experience in my transition to the college life, but I never knew the impact that Dance Marathon would actually have on me and how much I actually impact these kids. I have always had a passion for helping children and families get through hard times whether it's medical or not, so DM is my way of helping people and seeing how much I can make a difference in others lives. The feeling you get when you see how much money is being raised for these kids and see how many people care so much about this cause is incredible and indescribable. This program is such a fun community that stands for such a great cause that I am proud to say I am a part of." **Amanda Goldberg**

"Dance Marathon has been a more than life changing experience. You go into the organization with the idea that you will make an impact on/ better the lives of the Miracle Children... little did you know, it's the Miracle Children that make an impact on you! The strength, courage and endless smiles always inspire me to believe we can accomplish anything. The kiddos truly have a place in my heart." **Jessica Van Vilet**

"I went to my very first Dance Marathon as a senior at my high school and I immediately understood why this event is so special to everyone involved. The love and energy I felt that was on fire in my high

schools gymnasium was a feeling that has stuck with me, even 2 years after I graduated. Dance Marathon holds a huge place in my heart because it's essentially a part of who I am; it helped me find my passion of devoting my life to others. Dance Marathon helped me go from a lost student with no intended major and a serious lack of motivation, to a student in the field of Health Science who aims to make a profound impact on people's lives. This past year was about way more than numbers for me; I was able to form close relationships, share so many laughs, and created the fondest memories with a group of individuals that I call my 10-4 family. My words do no justice compared to the feeling you're going to get when you first walk into the O'Connell Center." **Sarah Workman**

"After going on the hospital tours and seeing how much of an impact we have on the miracle children, their families and the UF Health Shands community I felt so lucky and humbled by the life that I have. This experience has inspired me to give my best efforts to fundraise and genuinely help others even outside of DM. It has inspired me to be selfless and kind every day and has completely changed the way I view my everyday life. I'm more positive, genuine, selfless, and grateful every day because of DM." **Olivia Lendoiro**

# MINI-MARATHONS

In its fourth year, the Marathon Relations team broke records through the Mini-Marathon program. The Mini-Marathon program experienced huge growth in fundraising with an increase of over 50 percent. The largest program, Wellington High School, raised over \$100,000 For The Kids, an accomplishment that has not been made by any other high school in the state of Florida. The Mini-Marathon participating high schools span from Key West to Gainesville, proving that our cause is truly state-wide. Our Mini-Marathon programs directly support Dance Marathon at UF, and their totals are included in the total we raise at the end of our event. The Marathon Relations team works year-round to instill leadership skills in high school and middle school students while also cultivating a passion for Dance Marathon. We are so proud and grateful for our Mini-Marathon programs that remind us what it means to be one generation fighting for the next. The passion shown by these students is truly remarkable, and we cannot thank them enough for their commitment to raising funds and awareness for CMN and UF Health Shands Children's Hospital.
