ABOUT US

Dance Marathon at the University of Florida (DM at UF) is the most successful student-run philanthropy in the southeastern United States, and the second largest student-run philanthropy in the nation. This year, DM at UF celebrated its 23rd year with raising a historic \$2,724,324.19! DM at UF is one of the first five founding Dance Marathon programs in the nation and since our start, we have raised more than \$15.2 million for the kids at UF Health Shands Children's Hospital, our local CMN hospital. Everything we do is For The Kids!

UF Health Shands Children's Hospital at the University of Florida is the local Children's Miracle Network participating hospital for the North Central Florida, South Georgia and West Palm Beach areas. Children's Miracle Network is an international non-profit organization dedicated to raising funds for and awareness of children's hospitals. CMN's founding pledge, to keep all donations in the area in which they were raised, remains at the core of its philosophy. Ranked one of the top 50 pediatric hospitals in the nation in seven categories, UF Health Shands Children's Hospital and Children's Miracle Network have created one of the greatest facilities of care for children and young adults.

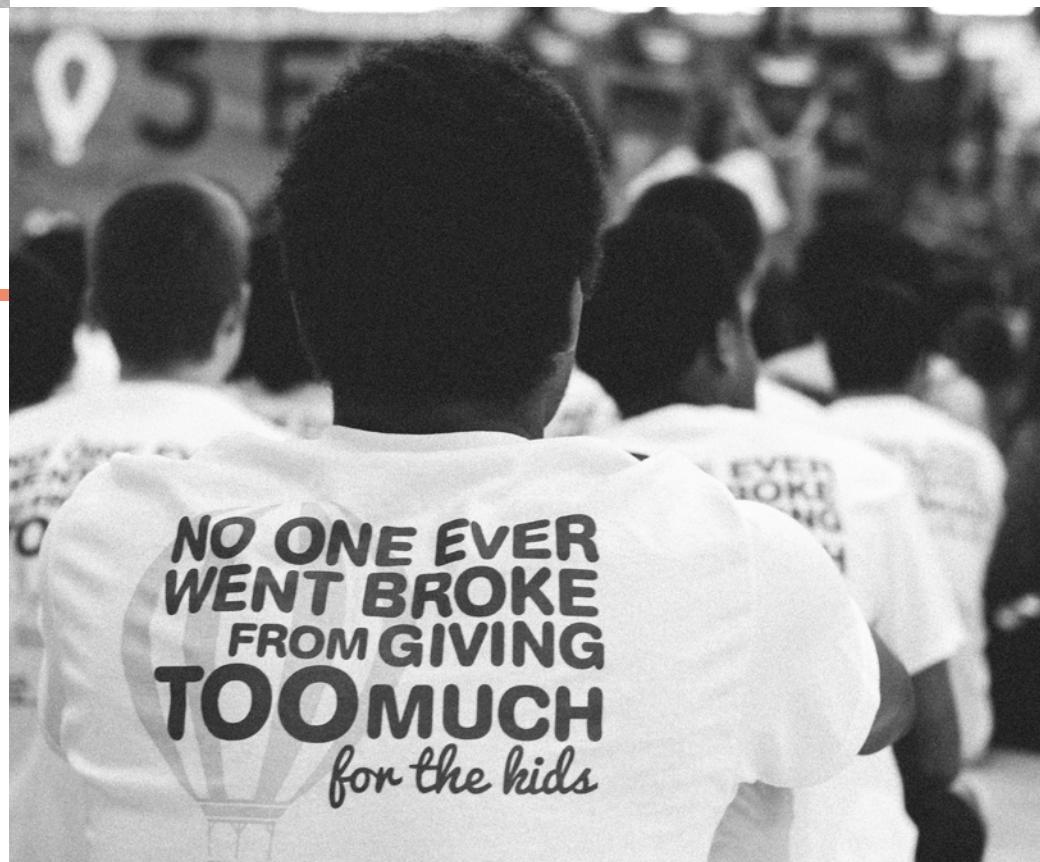

SHANDS: SUPPORTING OUR COMMUNITY

UF Health Shands Children's Hospital at the University of Florida is our local Children's Miracle Network (CMN) participating hospital supporting North Central Florida, South Georgia, and the West Palm Beach areas. By keeping our funds raised local, Shands has grown into a world-class facility. Ranked one of the top 50 pediatric hospitals in the nation in seven categories, Shands and CMN have created one of the greatest facilities for child and young adult care. The doctors are loved and the families are taken care of, making it a safe haven for all the families going through a difficult time.

A YEAR-LONG MOVEMENT

DM at UF motivates students to advocate For the Kids all year round. Right when school begins in August, thousands of students start raising as much as they can for Shands. Teams of students hold events and fundraisers, where partial or total proceeds go towards the total reveal held at our main event in March. This event, hosted at the Stephen C. O'Connell Center, home to the Gator basketball team, brings students together to stand for those who can't. Standing for an impressive 26.2 hours, this challenge is symbolic of the struggles children at Shands endure every day. We dance for the dream that growing up isn't defined by fear, but rather filled with joy and life.

Dance Marathon is a 501(c)3 organization serving the children coming to Shands for medical care. With all funds going directly back to Shands, DM at UF is able to make an incredible impact on the lives of children. Medical equipment is no small expense, and with the money raised by Dance Marathon, Shands has been able to acquire these life-saving devices. Some of these items include new vital monitors, worth \$32,027 and a new portable DR (Digital Radiography) x-ray machine, worth \$103,000. Additionally, a brand new NICU was just added to Shands with the help of funds raised by Dance Marathon.
